SERVICE AGREEMENT

AI-Powered YouTube Title Optimizer

Multi-Agent System + Machine Learning Module + Full Thesis

BSc (Hons) Software Engineering Research Project

Agreement Date:	5th July 2026
Agreement No:	SA-2026-003
Package:	Full Package (Multi-Agent System + ML Module + Full Thesis)

Confidential — For intended parties only

Parties

Service Provider
- Name: Dulhara
- WhatsApp: 070 575 2145
- Email: wkldulhara@gmail.com

Client
- Name: P.A.D.B. Pathiraja
- Student ID: 29071
- Institution: NSBM Green University

1. Scope of Work

The Client has agreed to the Full Package (Multi-Agent System + ML Module + Full Thesis) as outlined in the Project Quotation dated 28th June 2026.

Deliverables

#	Deliverable	Details
1	Analyzer Agent	Extracts core video promise, key entities, emotional potential, and applicable psychological triggers from transcript / description
2	Generator Agent	Produces 5 candidate titles per run, each targeting a different psychological trigger (curiosity gap, loss aversion, social proof, urgency, extreme framing)
3	Critic Agent	Scores candidates with pCTR model, VADER arousal check, BERTScore relevance, and NLI deception detection — auto-rejects contradictory titles
4	pCTR ML Model	Random Forest / XGBoost trained on YouTube trending dataset with engineered title features
5	NLP Layer	VADER sentiment scoring, BERTScore relevance filter, NLI faithfulness gate (prevents AI-hallucinated titles)
6	FastAPI Backend	Async REST API exposing the full pipeline as a clean endpoint
7	YouTube API Integration	Dataset collection pipeline via YouTube Data API v3
8	Demo & Evaluation	Working demo with ranked title outputs, evaluation metrics, and sample results
9	Source Code	Complete, documented — delivered via private GitHub repository

10	Full Thesis Document	All 6 chapters (Introduction through Conclusion), IEEE referencing, 20+ academic sources
11	Architecture Diagrams	Agent flow diagram, system component diagram, data flow diagram
12	Evaluation Report	Model accuracy metrics, confusion matrices, sample title outputs with scores
13	README	Setup and run instructions for the full prototype
14	Mentorship	8 free sessions (post-delivery, per schedule below)
15	Revisions	1 round included

2. Project Timeline

Milestone	Timeline
Work begins	Immediately (5th July 2026)
Interim Submission 01 (Ch 1, 2 & 3)	28th June 2026 target — thesis DOCX submitted to university
System Prototype + Chapters 4 & 5	~21st August 2026
Final Delivery (Ch 6 & 7 + GitHub repository)	~28th August 2026

3. Payment Terms

Stage	Milestone	Amount (LKR)	Due
Stage 1	Interim Submission 01 delivered (Ch 1, 2 & 3 DOCX submitted)	25,500	Within 48 hrs of milestone delivery
Stage 2	System Prototype delivered (all agents + FastAPI endpoint live) + Chapters 4 & 5 written	34,000	Within 48 hrs of milestone delivery (~21 Aug 2026)
Stage 3	Final Delivery — complete thesis (Ch 6 & 7) + private GitHub repository handed over	25,500	Within 48 hrs of milestone delivery (~28 Aug 2026)
	Total	**85,000**	

- Work on each stage begins only after the current stage payment is received.
- Deliverables for a given stage are handed over only upon confirmation of that stage's payment.
- Included mentorship sessions commence after Stage 3 (final delivery) payment is received.
- Paid mentorship sessions (if any) are prepaid before booking.

Additional Charges

Item	Rate
Urgent delivery (less than 50% of agreed timeline)	+25% of package price
Additional mentorship sessions	As per paid session rates in the Project Quotation
Scope changes after project kickoff	Quoted separately

4. Academic Integrity & Responsibility

4.1 The Service Provider delivers this work as academic support, reference material, and learning assistance only.

4.2 The Client acknowledges and agrees that:

- (a) They are solely responsible for how the deliverables are used in any academic submission.
- (b) They bear full responsibility for complying with their university's academic integrity policies.
- (c) They will verify originality using their own university's plagiarism detection tools (e.g., Turnitin) before submission.
- (d) The Service Provider makes no guarantees regarding plagiarism scores, grades, or academic outcomes.

4.3 The Service Provider shall not be held liable for any academic misconduct allegations, disciplinary actions, or penalties arising from the Client's use of the deliverables.

4.4 The Client agrees to thoroughly review and understand all delivered work, and the free mentorship sessions are provided specifically to support this understanding.

5. Intellectual Property & Usage Rights

5.1 Upon full payment, the Client receives a non-exclusive, non-transferable license to use the deliverables for their personal academic purposes only.

5.2 The Client shall NOT:

- (a) Resell, redistribute, or share the deliverables with any third party.
- (b) Publish the work (or derivatives) under their name in journals or conferences without the Service Provider's written consent.
- (c) Use the deliverables for any commercial purpose.

5.3 The Service Provider retains the right to reuse methodologies, techniques, and general approaches (but not the Client's specific project content) in future work.

6. Confidentiality

6.1 Both parties agree to keep the terms of this agreement, project details, and all communications confidential.

6.2 The Service Provider shall not disclose the Client's identity or project details to any third party.

6.3 The Client shall not disclose the Service Provider's identity, pricing, or working methods to any third party.

7. Revisions & Scope Changes

7.1 1 revision round is included in the agreed package. Additional revision rounds are charged at LKR 3,000 per round.

7.2 A revision round covers corrections and adjustments within the original agreed scope. New requirements or features are not considered revisions.

7.3 Any scope changes requested after project kickoff may result in revised pricing and timeline, which must be mutually agreed upon in writing before proceeding.

8. Cancellation & Refund Policy

8.1 Before work begins: The Client may cancel and receive a full refund of any advance payment.

8.2 After work has begun:

- (a) If the Client cancels, payments already made for completed stages are non-refundable.
- (b) If partial deliverables have been completed within a stage, the Client may receive those deliverables upon payment for work completed (prorated).

8.3 Service Provider cancellation: If the Service Provider is unable to complete the work, any payment for undelivered stages will be fully refunded.

9. Communication

9.1 Primary communication: WhatsApp / Email

9.2 Quick doubts via WhatsApp/chat are supported at no extra charge. Detailed technical explanations require a paid mentorship session.

9.3 All mentorship sessions are conducted online via Google Meet / Zoom. In-person sessions require prior arrangement.

10. Limitation of Liability

10.1 The Service Provider's total liability under this agreement shall not exceed the total amount paid by the Client.

10.2 The Service Provider is not liable for any indirect, consequential, or incidental damages, including but not limited to academic penalties, lost opportunities, or reputational harm.

11. Dispute Resolution

11.1 Both parties agree to resolve any disputes amicably through discussion in the first instance.

11.2 If a dispute cannot be resolved amicably, it shall be referred to mediation before any legal proceedings.

12. Entire Agreement

12.1 This agreement, together with the Project Quotation dated 28th June 2026, constitutes the entire agreement between the parties.

12.2 Any amendments must be made in writing and agreed upon by both parties.

Acceptance

By signing below, both parties confirm that they have read, understood, and agreed to all terms outlined in this Service Agreement.
